Come and get hold of the five key steps to becoming more versatile and discover how to apply them practically.</p>
Bhab Ghale	<p align="center"><b><i>Church and Community Transformation</i></b></p> <p>True transformation is an inside out change process. The secret of such true transformation is through individuals transformed by the Gospel. This seminar will provide biblical and practical principles and pointers of how such individuals can catalyze transformation in the church and community.</p>
George Kovoov	<p align="center"><b><i>Entrepreneurial and Missional Leadership: A Challenge and an Opportunity for the Future!</i></b></p> <p>This is an exciting seminar that explores this innovative approach to leadership and encourages participants to expand their vision and engage with this model of leadership. This is a seminar for those with a “can do” and a “can do well” mentality. It is about learning the instinct of a Godly opportunist.</p>
Finu Iype	<p align="center"><b><i>The Pursuit and Power of Holiness</i></b></p> <p>God reveals Himself as a holy God and He demands the same from His people (Lev. 19:2). Christian holiness rises out of our growing intimacy with God. The pursuit of holiness requires implicit faith and intentional effort (Heb. 12:14). This seminar is a clear guide to meet the conditions, remove the obstacles, anticipate the results in pursuing holiness, and experience the joyous surprise of unleashed power in your life.</p>
N. Suppaya	<p align="center"><b><i>The Anointing Breaks the Yoke</i></b></p> <p>Yoke is a device put around the neck of cattle to make them work and therefore the yoke is a burden. Today’s globalized world is going through a series of such burdensome problems. People are yoked by financial recession, unheard of diseases, broken relationships, various addictions and many more. The Bible clearly says “<i>The ANNOINTING will break the yoke</i>” (Isaiah 10:27). The anointing will make us go beyond boundaries.</p>
Mary Thomas	<p align="center"><b><i>Making Missions a Family Affair</i></b></p> <p>Your family can be the seedbed for missions. Your family can bless the nations of the world. In this seminar you will learn helpful tips on how to nurture the appropriate spiritual atmosphere at home, cultivate a global perspective, create a support base and mobilize others for God’s mission.</p>
Zach Thomas	<p align="center"><b><i>Moving Forward With the Promises of God</i></b></p> <p>Are you struggling with challenges, issues and dreams of the past? Or are you sensing your life is stagnant and is on “Hold”? You will grasp the Abrahamic Principle of how to let things go, bury the past and move forward to see the fulfillment of God’s plan to reach your place of destiny</p>
Ernest Victor	<p align="center"><b><i>Middle East—Crossroads of Diaspora Missions</i></b></p> <p>God has been using several means to draw people groups from so many countries to this small but exciting region. This seminar will expose you to how God is using unique strategies to save, disciple and equip these “scattered expatriates” for Kingdom ministry. This has the potential of amazing mission when they return to their homelands or go elsewhere.</p>
Richard William	<p align="center"><b><i>Impacting the Next Generation</i></b></p> <p>This seminar includes many dimensions of impact – creative and cutting edge methods of evangelism, mobilizing and training an effective team, organizing and conducting a program for both outdoor and indoor events, making the message of the gospel relevant to this generation, using tested and proven methods in bringing closure to our evangelistic programs and transforming the local church into a Holy Spirit harvest field. The goal is making every convert an Evangelist and Disciple-maker!</p>
